

SAPANGAR BAY CONTAINER PORT SETS NEW INDUSTRY BENCHMARK BY HANDLING LARGEST CARGO EVER

Sapangar Bay Container Port, a flagship facility operated by Sabah Ports Sdn. Bhd., a wholly-owned subsidiary of Suria Capital Holdings Berhad, proudly announces a historic milestone with the successful handling of the largest and most sizeable cargo ever recorded.

Each item, weighing an impressive 315 tons, and measuring 6.45 metre high, 4.88 metre wide and 13.45 metre long, handled by the specialists from Sinotrans Logistics, further emphasizes the complexity and precision required for this operation. The cargo owner, SBH Kibing Solar, entrusted this monumental task to Sapangar Bay Container Port.

This extraordinary operation was realized through a special collaboration with Sinotrans Logistics, who spearheaded the initiative, leveraging its cutting-edge Self Propelled Modular Transporter (SPMT) technology to ensure the efficient and secured movement of these colossal cargo from the vessel to the port premises. The use of SPMT technology showcases the port's commitment to embracing innovative solutions for handling oversized shipments and its unwavering dedication to meet the evolving needs of the maritime industry.

Sapangar Bay Container Port expresses its sincere appreciation for the special efforts and meticulous preparations made by the entire team involved in receiving, storing, and delivering the cargo. Appreciation to the dedicated teams from the SPSB Engineering & Equipment department, SBCP's Operation, HSE, Port Auxiliary Police, and stevedore, alongside the experts from Sinotrans.

Sabah Ports Sdn Bhd remains steadfast in its mission to contribute to the economic growth of the region, provide efficient logistical solutions, and maintain its position as a key player in the global supply chain.
